Cornerstone ON DEMAND Empowering People

ABOUT THE SURVEY

Cornerstone OnDemand's The State of Workplace Productivity Report was conducted by Kelton, a leading global insights firm, between August 16 and August 23, 2013 among 1,029 employed Americans ages 18 and over, using an email invitation and an online survey.

For more information regarding the survey findings, visit: www.csod.com/resources/research/state-of-the-workplace-productivity-2013

Generational Breakouts

- Older Generations = Gen X, Baby Boomers, Traditionalists
- Millennials = ages 18-32 years
- Gen X = ages 33-48 years
- Baby Boomers = ages 49-67 years
- Traditionalists = ages 68-plus years

* Among survey respondents who use a device for work purposes
